of the real good nor give him a twentieth of the lasting pleasure that things to wear would.

What's a "horsey," compared with a pair of thick stockings, a set of building blocks, commred with a jaunty cap, or a more costly toy, compared with Sailor or Russian Blouse Suit,

Same thing applies to men. As

we've a shop overflowing with practical, useful suggestions for every faste and purse.

Here's a list of helpful hints for

Russian Blouse Suits,	\$2.00	to.	\$6.50
Reefers	\$2.50	to	\$7.00
Norfolk Suits	\$2.00	to	\$8.50
Sallor Suits	\$1.50	to	\$7.00
Long Overcoats	\$4.00	to	\$8.50
Timic Bults	\$3.00	to	\$7.00

SHIRTS, STOCKINGS, SUS-PENDERS, COLLARS. SWEATERS, LEGGINS, TIES, HATS, CAPS, GLOVES, MUF FLERS, HANDKERCHIEFS.

the pool, But I have not much more the finish telling you, so I will tell y about my year-long maybe, another the So I will close. Good-by. From the lift will be told why you didn't come frow Yirginis.

ISAREL W. FULLER TO E. Marshall St. Richmond, Va.

the E. Marshall St., Richmond, Va.

Dens Misc Brinkhaus, We enjoyed your visit very much Turnshay, also your falk on the children of South America. We expect to write and tell them about our country, and tell them what we are working for. One of the children brought some brees that same from South America. We enjoyed her talk about them very much, too.

We would like to buve you risit our school again, and tell us more about the foreign countries. We hope that we will get one of the collections of statuses for our school. We are trying very hard. Yours sincerely.

ter Saying That Coal Condition There Is Alarming.

### CARPET-CLEANER.

Mr. C. D. Westman Invents Very Effective Device.

Beffective Device.

Mr. Charles D. Westman, of Henrico county, now having his office at No. 318 Hast Broad Street, is the inventor of a new device for cleaning carpets. The carpet eleaner invented by him is of that class wherein exhaust air or suction is used as the cleaning means. The devices being placed in position for operation, the exhaust is started, the carpet or rug being cleaned will be drawn up from the floor against the moith of the noze, side, and the air will be drawn up through it, carrying with it and removing from the carpet all dust and dirt, which will pass through the exhaust. The device is apparently easy of operation, and appears to be very effective in cleaning carpets. Mr. Westman has obtained a patent from the United States Patent Office.
